The first LEGO® Gringotts™ Bank featured some iconic details that we love. The vault was capped off with a bat sitting on a sand green jumper plate and, you'll be pleased to hear, that bat is still around today, making its nest on the top floor of the Magical Menagerie. How many other details from the first Gringotts™ Bank can you find in this model?

La première banque LEGO® Gringotts™ présentait des détails emblématiques que nous adorons. La voûte était couronnée par une chauve-souris assise sur une plaque 1×3 vert sable. Encore aujourd'hui, cette chauve-souris continue à faire son nid à l'étage supérieur de la Ménagerie magique. Combien d'autres détails de la première banque Gringotts™ pourrez-vous trouver dans ce modèle ?

El primer banco Gringotts™ LEGO® presentaba algunos detalles icónicos que nos encantan. La bóveda estaba rematada con un murciélago sentado sobre una placa verde arena. Te alegrará saber que ese murciélago sigue existiendo hoy en día haciendo su nido arriba de la tienda de animales mágicos. ¿Cuántos detalles más del primer banco Gringotts™ puedes encontrar en este modelo?

Hidden inside the wall on the mezzanine floor is a safe containing the TOP SECRET letter Hagrid™ delivers from Albus Dumbledore™ as he picks up the you-know-what from vault you-know-which.

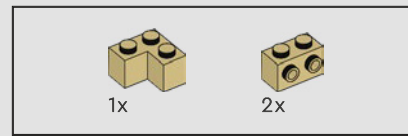

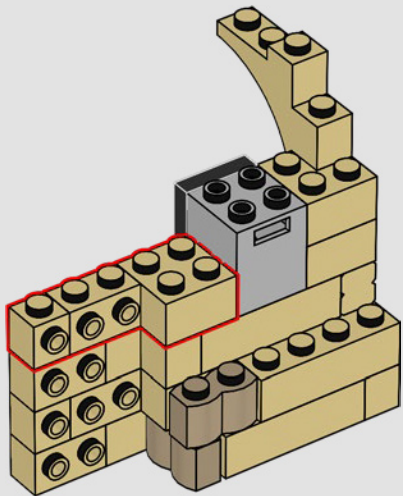

Caché dans le mur de la mezzanine se trouve un coffre contenant la lettre ultrasecrète d'Albus Dumbledore™, que Hagrid™ remet lorsqu'il récupère le vous-savez-quoi du coffre vous-savez-lequel.

Oculto en el interior de la pared del entresuelo hay una caja fuerte que contiene la carta ULTRASECRETA de Albus Dumbledore™ que Hagrid™ entrega al recoger lo-que-tú-sabes de la-bóveda-que-tú-sabes.

Looks like a goblin left their cup here while the bank was being built. Maybe it's time to put the kettle on and take a well-earned break?

On dirait qu'un gobelin a laissé sa tasse ici pendant la construction de la banque. Il est peut-être temps de préparer la bouilloire et de prendre une pause bien méritée ?

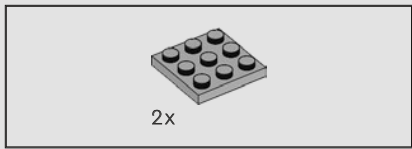

Parece que un duende dejó su taza aquí mientras se construía el banco. Quizá sea hora de poner la tetera al fuego y tomarse un merecido descanso...

What have the Gringotts™ goblins been calculating on these chalkboards? You may need to travel deep into the LEGO® archives to find out...

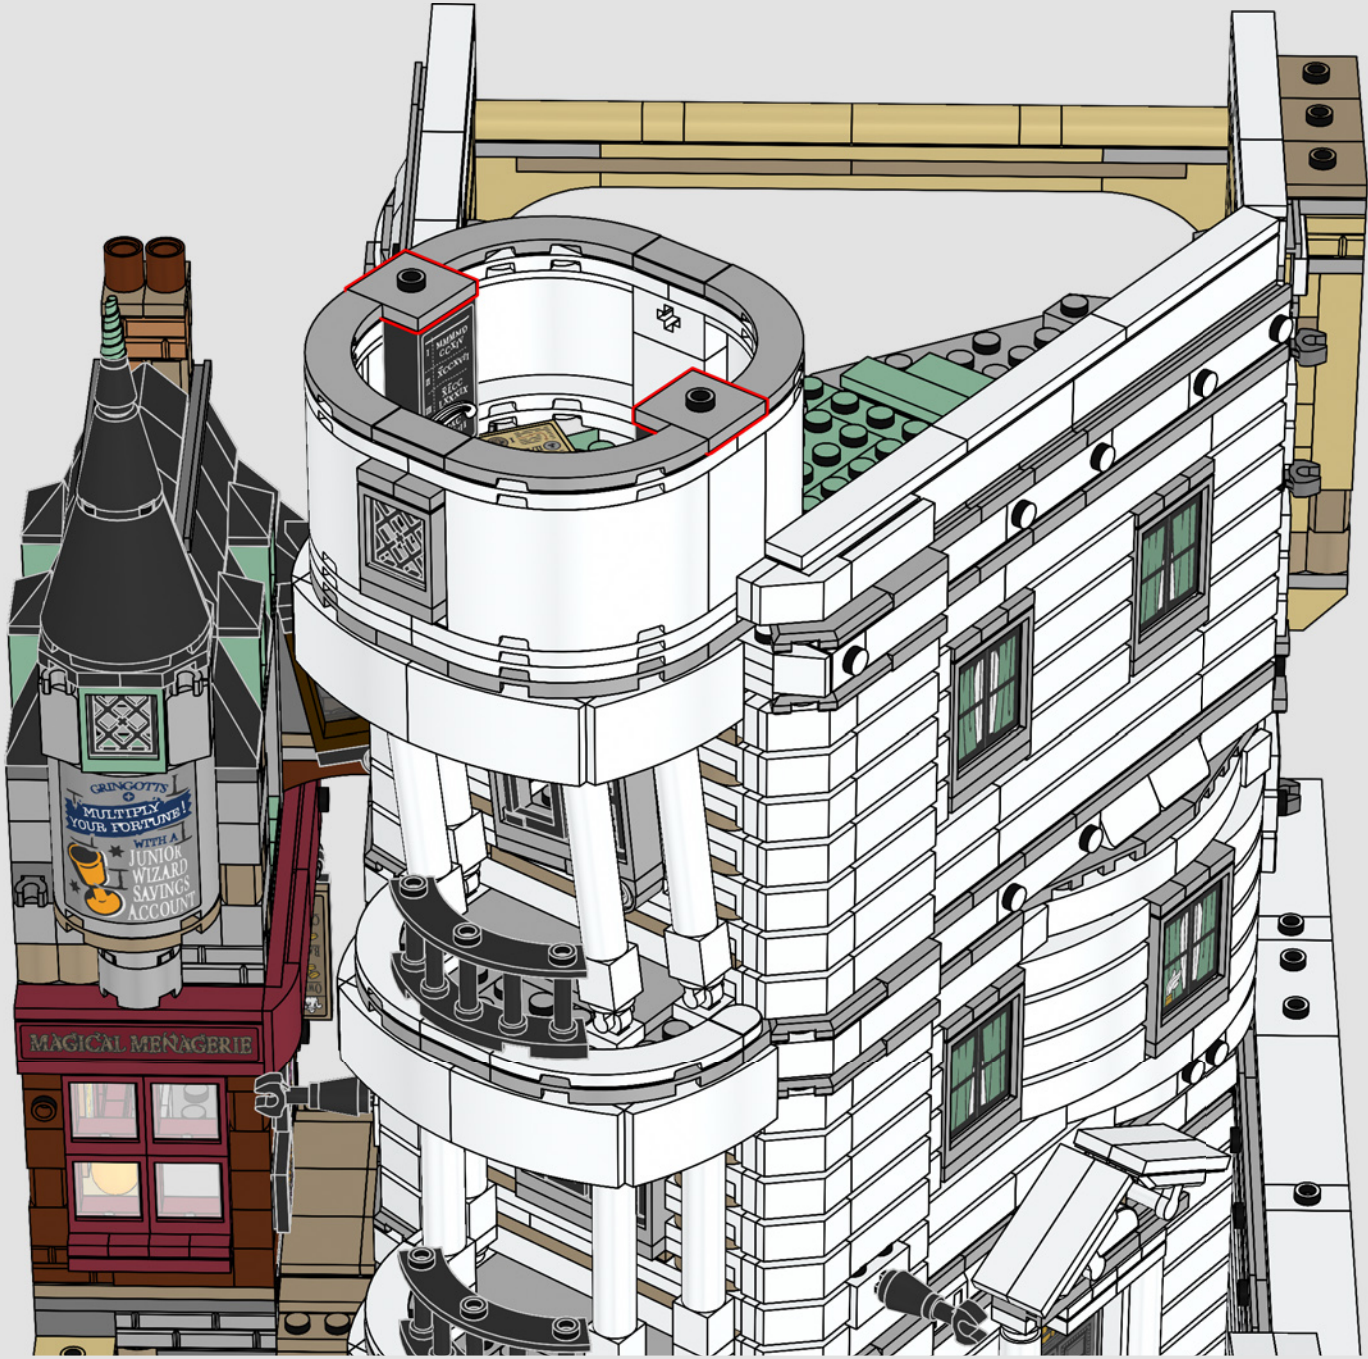

Qu'est-ce que les gobelins de Gringotts™ ont calculé sur ces tableaux noirs ? Vous devrez peut-être voyager au plus profond des archives LEGO® pour le découvrir...

¿Qué han estado calculando los duendes de Gringotts™ en estos pizarrones? Quizá tenga que viajar a lo más profundo de los archivos de LEGO® para averiguarlo...

When placed on top of the caverns, this baseplate is 13 in. (33 cm) off the ground! This is not the first time a LEGO® baseplate has been raised (the first was in 2003 – LEGO Sports Snowboarder Boarder Cross Race 3538), however it is the highest!

Lorsqu'elle est placée sur les cavernes, cette plaque de base se situe à 33 cm du sol ! Ce n'est pas la première fois qu'une plaque de base LEGO® est surélevée (la première était en 2003 avec l'ensemble LEGO Sports Cross en planche à neige 3538), mais c'est la plus haute !

Quando se coloca encima de las cavernas, ¡esta base queda a 33 cm del suelo! No es la primera vez que se eleva una base LEGO® (la primera fue en 2003 con el set LEGO Sports Snowboarder Boarder Cross Race [3538]), ¡pero nunca se había hecho a una altura tan sorprendente!

## HOW TO HOLD AND SEPARATE THE MODEL

The safest way to keep both the bank and all its occupants secure is to separate the bank on its baseplate from the vault section first and make sure you lift with both hands, supporting each module from the base.

## COMMENT TENIR ET SÉPARER LE MODÈLE

Le moyen le plus sûr de sécuriser la banque et tous ses occupants est de séparer d'abord la banque sur sa plaque de base de la section des coffres et de s'assurer que vous soulevez avec les deux mains, en tenant chaque module à partir de la base.

## CÓMO SOSTENER Y SEPARAR EL MODELO

La forma más segura de mantener a salvo tanto el edificio como a todos sus ocupantes es separar primero el banco con su base de la sección de las bóvedas asegurándose de levantarlo con ambas manos, sujetando cada módulo por la base.
