SCARABEO COVENANT

ESCARAVELHO COVENANT

The Type-47 Covenant Scarab is a virtually unstoppable quadruped land walker that supports ground forces by decimating heavily fortified structures. Standing nearly 160 feet long, it can easily crush hostile forces with its powerful jointed legs. The Scarab's primary weapon is an Ultra-Heavy Focus Cannon, which fires from within a protected cradle embedded in its intimidating front end. Vulnerable to being boarded via its elevated platforms, Scarabs are typically defended by a squad of Covenant infantry while in battle.

El Escarabajo de Covenant tipo 47 es un cuadrúpedo terrestre imparabile que apoya a las fuerzas de tierra al diezmar grandes estructuras fortificadas. Con aproximadamente 160 metros de largo, puede aplastar fácilmente a las fuerzas hostiles con sus poderosas patas articuladas. El arma principal del escarabajo es un cañón ultra pesado de enfoque, que dispara desde dentro de una base protegida incrustada en su intimidante parte delantera. Vulnerable al ser embarcado a través de sus plataformas elevadas, los escarabajos son usualmente defendidos por un escuadrón de infantería de Covenant durante la batalla.

Le Scarab Covenant de Type-47 est une unité mobile à quatre pattes pratiquement invincible qui vient en aide aux forces terrestres en détruisant les structures fortifiées. Avec près de 48 mètres de long, il peut aisément écraser les forces ennemies grâce à ses puissantes pattes articulées. La principale arme du Scarab est un canon de concentration ultralourd qui tire à partir d'un berceau protégée et intégrée à son intimidante face avant. Puisqu'il est possible de s'y introduire par ses plateformes surelevées, les unités Scarab sont généralement défendues, pendant les batailles, par une troupe Covenant.

Der Covenant-Skarabäus Type-47 ist ein praktisch unaufhaltsamer vierbeiniger Landläufer, der Bodentruppen durch die Zerstörung stark gepanzerter Bauwerke unterstützt. Er ist fast 50 m lang und kann feindliche Truppen problemlos mit seinen mächtigen Beinen zerstampfen. Die Hauptwaffe des Skarabäus ist eine ultraschwere Fokuskanone, die eingebettet ist im angsteinflößenden Vorderteil und von dort aus geschützt feuert. Da die Möglichkeit eines seitlichen Angriffs über ihre erhöhten Plattformen sie verwundbar macht, wird ein Skarabäus in der Schlacht gewöhnlich von Covenant-Infanteristen verteidigt.

De Covenant Scarab Type-47 is een praktisch onstuitbare landwalker die grondtroepen ondersteunt door het vernietigen van zwaar versterkte gebouwen. Hij is bijna 49 meter hoog en verpulvert met zijn krachtige scharnierende poten moeiteloos alle vijandige strijdkrachten. Het belangrijkste wapen van de Scarab is een ultrazwaar kanon, dat zijn projectielen afschiet vanuit een beveiligde uitsparing in het angstaanjagende front van de Scarab. Omdat de Scarabs kunnen worden geënterd via hun verhoogde platforms, worden ze in gevechtssituaties in het algemeen verdedigd door een groep Covenant-infanteristen.

Lo Scarabeo Covenant Tipo-47 è un veicolo quadrupede inarrestabile che supporta le forze terrestri decimando grandi strutture fortificate. Grazie a una lunghezza che supera i 48 metri e potenti gambe articolate, può facilmente annientare le forze ostili. L'arma principale dello Scarabeo è un cannone ultraspesante con puntatore azionabile dall'interno di un abitacolo integrato in una terrificante parte frontale. Vulnerabili all'imbarco mediante elevate piattaforme, durante la battaglia gli Scarabei sono generalmente difesi da una squadra di fanteria Covenant.

O Escaravelho Covenant Tipo-47 é um quadrúpede de terra praticamente imparável que apóia as forças terrestres ao dizimar estruturas fortificadas. Em pé com quase 48 metros de comprimento, pode facilmente esmagar as forças hostis com suas poderosas pernas articuladas. O arma principal do Escaravelho é um Canhão de Foco de Artilharia Pesada que é acionado dentro de um espaço protegido embutido em sua extremidade dianteira. Vulnerável se abordado por meio de suas plataformas elevadas, os Escaravelho são normalmente defendidos por um pelotão de infantaria Covenant durante a batalha.
